

## FRONTEND DEVELOPER SUMMARY

---

- Using best practices to structure HTML, CSS, and JavaScript code as components.
- Maintenance of site and optimizing page loading time.
- Ensuring usability and growth of site for value addition.

## WORK EXPERIENCE

---

### ALLADIN: WORLD OF BRANDS

#### FRONTEND DEVELOPER

December 2017 - December 2021

- Using HTML, CSS and Javascript for Web Development, Magento E-commerce Administration, Email Marketing, Social Media Marketing, Backend and Frontend Code Refactoring of Magento E-commerce Website using PHP, HTML, CSS, ReactJs and Javascript.
- During the stint, I used HTML, CSS and JavaScript to develop web applications. I was the Magento CMS website admin making sure daily e-commerce operations were seamless. I leveraged the frontend skills to design email templates that were used to send marketing newsletters. Furthermore, I configured social media to communicate with the website, i.e Facebook pixels to boost analytics and sales and also configured dynamic ads to work with the pixels.

### ESSENTIAL MANUFACTURING CO. & ONEWAY CLEANING SERVICES LTD
